The appropriate extension fee under 37 CFR 1.17(a) is calculated from: (1) the expiration date of the shortened statutory period for reply originally set in the final Office action; or (2) as set forth in (b) above, if checked. Any reply received by the Office later than three months after the mailing date of the final rejection, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).</p>

Continuation of 3. NOTE: The amendments to independent claims 33 and 40 to include new recitations to dichroic mirrors being provided in the optical system, as well as amendments to the single optical detector (cl. 33), and further amendments to the optical constitution of the separating means with the dichroic mirror, which would require further search and/or consideration. Further, it is noted that dependent claims 39 and 44 now require a plurality of dichroic mirrors each having different wavelength characteristics, which recitations would require further search and/or consideration.

Continuation of 11. does NOT place the application in condition for allowance because: of arguments of record. Further, Applicant's arguments are moot as they are drawn to claims which have not been previously examined on the merits.
